	6. Add "Voter History Election Date"
- 73 X X X X X X X X X X X X X X X X X X	"Is Between" "01/14/2020"
	"12/12/2023", hit CONTINUE
	7. "Yes"
	8. Custom Queries - View Custom
	Queries Results - Download file
STEP THREE: FIND 4X4 VOTERS	STEP FOUR: CREATE A WALK LIST
To edit the voter spreadsheet:	To create a walk list:
1. Open in spreadsheet software. If	1. Sort by (in order) - (*complete sort
you want just your precinct, sort by	for each one before the next sort*):
Precinct, delete all other precincts	- Precinct
2. Sort by Status - delete "I" (inactive	- StreetName
voters)	- StreetType
3. Sort by PolitalAff - delete all parties	- StreetDir
except Republican	- StreetNum
4. Sort by VoterHist1 - delete all blanks	
5. Repeat Step 4 for rest of Voter	
History columns in numerical order (2,	Now you have a Walk List!
3, etc)	

Find your precinct number and sample ballots:
