NOTE: The King James Version 2023 Edition New Testament is the most recent translation (at time of this compilation). It's a "modernized rendition of the original King James Version, written in contemporary English while preserving the timeless meaning of the tradition text." Published by Nickolas Sayers, June 12, 2023.

Notes on various compilations of the Bible:

The canon of the Protestant Bible totals 66 books - 39 Old Testament and 27 New Testament.

The Catholic Bible numbers 73 books - 46 Old Testament and 27 New Testament

Greek and Russian Orthodox 79 books.

Many of the books that make up the differences in these numbers may be found in the Apocrypha. One book with many of the books is "The Apocrypha - Authorized Version" Oxford University Press. It contains 14 books but there are many more than that in other compilations.
