REPUBLICAN PRINCIPLES

The United States of America is a Constitutional Republic, not a Democracy. Our Constitutional Republic is codified within the United States Constitution, which is the Supreme Law of the land. Our Constitution flows directly from the Declaration of Independence and the invaluable life experiences of our Founding Fathers. It is not subject to the whims of democracy. Our Constitution narrowly defines the rights of the federal government, and those powers not enumerated to it are reserved to the States or the People, respectively. All efforts to redefine the United States of America as a "Democracy" shall be resoundingly rejected by this party.

We believe in limited government, individual liberty, natural rights, and personal moral responsibility. We believe Oklahoma should be a place of opportunity where people who work hard and abide by just and equally applied laws can pursue their own dreams with a reasonable expectation of success.

As Republicans, we believe:

- *Our rights of life, liberty, and property are natural rights granted to us by God, protected by the Constitution, to be defended by our elected officials, even during a declared emergency.*
- *In the free exercise of religion and right to worship as we please without government intrusion or interference.*
- *God is the Author and Creator of life and that all human life, both born and, in the womb, should be protected.*
- *In traditional marriage; the union of one man and one woman.*
- *Economic freedom is the cornerstone of individual liberty. The private sector and free market principles are the best to stimulate economic development not government programs.*
- *Revenues collected at all levels of government should be used only for well-defined, legitimate government functions, and should be carried out efficiently so that tax rates may be kept as low as possible.*
- *In the right of every parent to act in their child's best interest including health decisions and choosing the form of education, whether at a public or private school, or education by other means.*
- *In welcoming immigrants, who want to legally seek freedom and opportunity, work, and embrace our values, learn the English language, and respect our Union's border and State's sovereignty.*
- *In Supporting and maintaining a strong national defense and advocate "Peace through Strength."*
- *The Republican Party is the best vehicle for translating these ideals into positive and successful principles of government.*
- *That we are to function as a Constitutional Republic with undefined State power as described in the Constitution, where Oklahoma Sovereignty is considered constitutionally superior to a Federal Govt.*

I. FAMILY

Preamble: *We believe God is the Author and Creator of human life beginning at conception, and that each individual, created in His Image, should be treated with dignity and compassion. We hold to the fundamental principles of traditional marriage ordained by God between one biological man and one biological woman which are determined at conception, the right to life beginning at conception all the way to natural death, and religious freedom for all. We insist that any candidate receiving money and/or support from the Republican Party shall affirm and promote Traditional Marriage and sanctity of life values.*

A. Marriage, Children, and Adoption

We Believe

1. We believe that the family is the cohesive element that maintains social order and protects individual rights. The duty and privilege of nurturing our young people belongs to parents and the traditional family.
2. We believe employers and taxpayers should not be forced to violate their religious convictions or bear the cost of paying government benefits to “non-traditional marriages.”
3. We believe children are a special gift from God, and their safety and protection are paramount. We support strict adherence to due process of law during child abuse investigations. We believe extended traditional family members should be eligible for foster care payments if a child is being placed into their foster care. Siblings should be kept together if possible. These payments should be obtained from the negligent parent(s).
4. We believe that there are only two sexes/genders, male and female, determined at conception.
5. We believe that any person performing or assisting someone under 18 years of age in obtaining a sex change operation or alteration to their reproductive organs, be guilty of interfering in the reproductive rights of the child, extreme mutilation the child, and of extreme child abuse on a felony level.

We Support

1. We support the sole right and responsibility of parents to rear, educate, discipline, nurture, provide healthcare and spiritually train their children without government interference.
2. We support the complete abolishment of Child Protective Services (CPS) and the Department of Human Services (DHS).
3. We encourage an adoption process that recognizes the rights of parents while maintaining safeguards for the children.
4. We support initiatives that encourage adoption.
5. We support abolition of preborn baby murder as a non-negotiable principle in our party’s platform.
6. We support the right of state and local government to prohibit displays of a sexual nature, including pride parades and drag shows, in view of the public regardless of public or private property.

We Oppose

1. We oppose the removal of children from responsible family members unless abuse is confirmed, or the child is in immediate danger.

B. Right-to-Life and Medical Ethics

We Believe

1. We believe that at the point of conception (including invitro fertilization [IVF]), a person is granted the rights guaranteed in the U.S. Constitution; therefore, civil authorities have a duty before God to uphold justice by establishing equal protection under the law for all preborn children.
2. We believe in the sanctity and value of human life from conception through natural death, unless forfeited by capital offense.
3. We believe intentional preborn baby murder is contrary to the Word of God and is murder according to Exodus 23:7.

We Support

1. We support a U.S. Constitutional Amendment protecting the life of the innocent preborn, and we support a State Constitutional Amendment to prohibit preborn baby murder and treat as murder the sale, distribution, and ingestion of abortifacients ending the life of a preborn child.
2. We support the freedom of conscience and the right for those in the medical field to refuse to provide preborn baby murder training and the individual's right to refuse to perform or assist in elective preborn baby murders or reproductive interventions.
3. We support the right of employers and private or religious entities who oppose covering preborn baby murder, contraception, and sex/gender dysphoria treatment in employee insurance policies.
4. We support and believe in the father's parental rights and responsibilities from conception onward; the rights and responsibilities of the father are equal to the rights and responsibilities of the mother.
5. We support abstinence outside of marriage and written parental approval before a minor is given birth control information or contraceptives.
6. We support legislation that prohibits using any preborn child for harvesting or any service related to the donation, purchase, or sale of organs or tissue.
7. We support the enactment of laws banning embryonic/fetal stem cell research and encourage adult stem cell, amniotic stem cell, or umbilical cord blood stem cell research.
8. We support the elimination of all 5G technology.

We Oppose

2. We oppose the funding of such by any government entity, domestic or international, or any organization that supports preborn baby murder.
3. We oppose any medical scientific experimentation that does not respect the sanctity of human life.
4. We oppose the manufacture of human life through the process of cloning or genetic engineering.
5. We oppose allowing minor children to identify as anything other than human beings, i.e., furries.

Addendum - Be it resolved that the abolition of preborn baby murder be brought to a full floor vote in the Oklahoma Legislature.

We Support

1. We support the patient-doctor relationship and oppose nationalized medicine.
2. We support full consumer access to safe foods, medications and alternative treatments including access to all information regarding such substances.
3. We support privatization of the Social Security Disability, Medicare, and Medicaid programs and allowing individuals, private groups, and small businesses the freedom to form collective purchasing groups for the purpose of acquiring the health care of their choice.
4. We support the development of a truly market-driven health care delivery system that replaces the employer and governmental third-party payment systems.
5. We support an individual's right to elect not to have health insurance.
6. We support Medical Savings Accounts (MSA) and Health Savings Accounts (HSA) that also allow the individual freedom of choice in services both traditional and alternative. These accounts should be made available to Medicare participants.
7. We support and encourage rigorous enforcement of all anti-pornography, obscenity, and human trafficking laws. We must enact and enforce laws to protect all peoples from this immoral business and enforce the death penalty for traffickers and perpetrators.

8. We support parents' rights, religious freedom, and the absence of affirmation therapy concerning any counseling of children on gender dysphoria so that children are encouraged to settle into their birth sex as they naturally experience puberty and maturity.
9. We support price transparency in health care costs and billing processes.
10. We support the right of every citizen to determine if they will receive a vaccination, medication, experimental drug or therapeutic without force or coercion.

We Oppose

1. We oppose the practice of using puberty blockers, cross-sex hormones, and surgeries on children with gender dysphoria as these can impose irreparable damage physically, mentally, and emotionally and should be considered child abuse and medical malpractice.

D. Elderly and Vulnerable

We Support

1. We support the protection of those who cannot defend themselves including: the preborn, the physically and/or cognitively disabled, and the elderly.
2. We support vigorous prosecution of those who financially exploit or otherwise abuse the elderly or vulnerable.
3. We support and encourage family members to care for their loved ones and we support tax policies that help alleviate costs.
4. We support financial policies that do not penalize the elderly who choose to marry or remarry.
5. We support reasonable standards, which preserve the dignity of the elderly and vulnerable when in a retirement or nursing home.

E. Religious Freedom

We Believe

1. We believe our Founding Fathers based our Constitution, Declaration of Independence, Bill of Rights, and laws on the Bible and on traditional Judeo-Christian ethics and values. We believe these documents are the basis for law, order, and behavior, allowing individuals, including government workers and officials, the freedom to involve God in all activities according to their conscience.
2. We believe the Religious Clause of the First Amendment was meant to protect an individual's freedom of religion, not remove religion from public life.
3. We believe church leaders have the same freedom of speech rights as leaders of other organizations, without the threat of penalties, including the loss of tax-exempt status.

We Support

1. We support retaining the religious significance of national holidays and the display of religious symbols in public places and oppose the removal of such.

3. We support programs including faith-based organizations that promote traditional marriage, marriage enrichment, abstinence education, and encourage responsible parenting.

We Oppose

1. We oppose any government oversight, harassment, licensing, or taxation of religious institutions, chaplains, and their ministries, such as counseling, wedding ceremonies, funerals, or other liturgical practices.

Addendum - We support and call for individuals, families, churches, and private organizations to take responsibility in meeting the needs of the citizens of the community

II. EDUCATION

Preamble: We acknowledge our dependence upon Almighty God and ask His blessings upon our students and their parents, teachers, and nation. It is the right and responsibility of parents (hereafter to mean parents and/ or legal guardians) to direct their children’s upbringing and education whether public, private, charter, or education by other means without interference, regulation, or penalty from the government.

The primary goal of public schools should be to teach proficiency in the basic subjects of phonics-based reading, written and oral communication, mathematics, sciences, history, founding documents, Godly heritage of our nation, critical thinking skills, basic morals, and civics. Locally elected school boards should have the authority to determine and implement all public-school curricula, policies, and procedures for their districts. We demand open accountability from all tax-funded education in Oklahoma. The federal government has no constitutional role in education.

A. Philosophy

We Believe

1. We believe the traditional family unit, consisting of a (husband) man, (wife) woman, and child(ren) is the foundation of our social structure. The Oklahoma Department of Education and the various

Boards of Regents should uphold and teach this definition of traditional family at all levels of public education.

5. We believe the only flags to be displayed at, or in, any Oklahoma school are the flags of the United States of America and the State of Oklahoma. Students should start the day by reciting the Pledge of Allegiance, including "one nation under God", and be taught the history of and respect for our United States flag.
6. We believe the K-12 public-school system is for the benefit of children of legal residents of the United States.
7. We believe the responsibility to teach children the philosophy, values, and theology to live by belongs to a child's parents.

2. We support parental access to examine and evaluate all educational and assessment, records pertaining to their children.

2. We oppose any government required community service condition for graduation.
3. We oppose overt racism by schools in the name of thinly disguised faux efforts to “eliminate racism” which seek to achieve atheist, Marxist, or Socialist political outcomes.

5. We oppose the teaching of humanist character education programs, such as Social Emotional Learning (SEL).

B. Curriculum

2. We believe parents must maintain their right and responsibility to educate their children regarding sexuality and sexual conduct. We believe sexual abstinence is the only safe way to avoid sexually transmitted diseases, HIV/AIDS, and pregnancy.
3. We believe local school boards should exercise their right to choose curriculum and textbooks, including the Bible as a literature or history text, without state limitations.
4. We believe Biblical creation and intelligent design must be taught and must receive equal funding, class time, and materials as other theories such as evolution.
5. We believe the heritage of the United States of America should be taught in public schools and include representative limited government, the lives and beliefs of the Founders, influence of the Bible and religion on our laws and principles, and the concept of free enterprise. We believe students should study directly from the primary founding documents, which teach that the distribution of power is among three branches of federal government and the difference between federal and state government teaching that our nation is a constitutional republic.
6. We believe English, the dominant language of our nation, should be the primary language taught in

public schools with other languages only offered as electives.

We Support

1. We support curricula that promotes the U.S. national sovereignty and the singing of traditional songs and teaching of patriotic literature in all grades. We respect different cultures, but support prioritizing our commonalities as U.S. Citizens.

2. We oppose the teaching of non-chromosomal gender and LGBTQ+ lifestyle, history, and demonstration.

3. School elections should be on the same date as general elections.
4. We believe security options should be pursued, including but not limited to officers and school

employees who are qualified to be armed.

5. We believe teachers, school administrators, and the local school board should work together to set and implement policies that give teachers the freedom and authority to lawfully maintain order, discipline, and safety.
6. We believe teachers should not be coerced to adjust standards for any failing students, including athletes.
7. We believe the Teachers Retirement Fund should be actuarially funded with full public disclosure.

We Support

1. We support the freedom of local school boards to hire, direct, train, retain, or terminate any teacher who fails to provide the highest quality of instruction based on merit, not years of service. The evaluation criteria should be determined by local school boards for their school districts.

3. We support public independent auditing of all public schools and institutions of higher education in Oklahoma.

7. We support requiring public schools to provide parents the platforms of all educational organizations for which a teacher or staff member is eligible to join.
8. We support local school districts placing year-end excess monies into an interest-bearing account to encourage fiscal responsibility, and they should not be penalized by the State Department of Education for doing so.
9. We support the consolidation of the technical, operational, and administrative resources of school districts, but do not support the closing of individual schools.
10. We support local school board appointed textbook committees to select the state/district funded textbooks and the elimination of the Oklahoma State Textbook Committee.
11. We support the right of parents to determine and guide their children's medical needs including vaccination. Schools must disclose all legal exemptions when making requests.

3. We oppose the designation of public schools as "gun free zones".
4. We oppose the issuance of bonds by school districts to fund operational expenses.
5. We oppose any non-chromosomal sex/gender use of locker rooms, sports team qualifications, or public restrooms. While we support a positive, competitive spirit in all activities, we oppose student athletes competing as anything other than their genetically determined sex/gender.
6. We oppose automatic teacher tenure.
7. We oppose schools requiring access to medical documents, including vaccination/immunization records, for enrollment. All medical determinations should be decided by the parents.
8. We oppose mandatory year-round schooling.
9. We oppose mandatory expansion of public school from birth on; aka: universal childcare
10. We oppose the teaching or presence of any inappropriate, harmful, or perverse content such as sexualized information, pornography, illustrations, or books with this material.
11. We oppose any increased state funding for the government schools.

D. Higher Education

We Believe

1. We believe higher education is a privilege, not a right. There are many options for education to be explored and determined by each individual.
2. We believe the Constitutional rights of college/university students, including their right to due process, must be protected.
3. We believe the Constitutional right to carry shall not be infringed upon at any college/university in Oklahoma.
4. We believe all publicly funded institutions of higher education should offer curriculum designed to train a student for a viable career path upon graduation. Responsibility for the market need for a specific degree should rest with the institution.

5. We believe there should be a required course in phonics for elementary teacher certification, as well as for certification at all levels of reading and language arts.

We Support

1. We support the freedom of each individual college/university to hire, direct, train, retain, or terminate any teacher who fails to provide the highest quality of instruction based on merit, not years of service.
2. We support the freedom of each individual college/university to develop its own standards, course curriculum, scholarships, tuition, and fees.
3. We support budgeting tied to comprehensive planning processes with increases in funding directly related to specific goals and objectives listing expected improvements.
4. We support any student being able to use all scholarships, grants, or other financial aid to obtain a degree in the field of their choice, including religious studies.
5. We support strict adherence to the law that requires the majority of the nine-member Board of Regents for the Oklahoma Agricultural and Mechanical College ("OSU") to be actively engaged in farming or ranching.

We Oppose

1. We oppose all Marxist ideology such as Critical Race Theory (CRT), Diversity, Equity, and Inclusion (DEI), Social Emotional Learning (SEL), and all other critical theories.
2. We oppose the enactment of any compelled speech policies forcing students, staff, or faculty at public colleges/universities to use other people's preferred or gender-neutral pronouns.
3. We oppose public higher education funding of one-sided studies intended to prove anthropogenic global warming for the purpose of justifying wealth redistribution
4. We oppose higher education funding and teaching of all aspects of gender reassignment: research, surgery, mental health, and "affirming care".
5. We oppose non-U.S. citizens being able to take advantage of taxpayer-funded scholarships, grants, or other financial aid to obtain a degree.
6. We oppose the requirement of completing and submitting a FAFSA form for enrollment in Oklahoma colleges and universities.

III. Government

Preamble: The Constitution of the United States is the supreme law of the land and should be interpreted according to the original intent of the founding fathers as explained in the federalist papers. We call for reaffirmation of our God-given rights enumerated in the first ten amendments, the Bill of Rights. The Declaration of Independence, Articles of Confederation, Ordinance of 1787: The Northwest Territorial Government, and the Constitution of the United States together establish the exclusive basis

of the rule of law for our nation. These Organic Documents supersede all subsequent legislation, judicial decisions, and declared emergencies. Our founding fathers based these first laws on traditional Judeo-Christian ethics and values. We believe these documents are the basis for law, order, and behavior, allowing individuals, including government officials, the freedom to involve God in all activities according to their consciences.

We believe all persons are responsible and should be held accountable for their actions. We believe in transparent and honest government with minimal intrusion, providing protection for all its citizens with fair and equitable treatment, enforcement, and justice. We realize without economic freedom there is no political freedom. We believe the greatest incentive for the creation of wealth lies in the respect for private property rights and the free enterprise system as the best and most efficient distribution of resources.

We Oppose

1. We oppose the creation of a tax on services as this will negatively impact working families and individuals.

4. We oppose the use of restrictive fuel taxes for regulation of carbon or particulate matter emissions.

iii. Economic Development

We Believe

1. We believe in free, open, and fair markets.
2. We believe that Oklahoma's efforts to attract industry should be grounded upon the establishment of a favorable and friendly "economic climate" rather than upon tax and other governmental subsidies to individual businesses.

We Support

1. We support the revision of corporate laws and regulations to encourage business and economic development while reflecting free market principles.

We Oppose

1. We oppose and discourage government competition with the private sector.
2. We oppose market interference by the government in setting insurance premiums.
3. We oppose public-private partnerships and the use of eminent domain.
4. We oppose governmental efforts to stimulate the economy or bail out troubled entities through massive increases in governmental spending, crushing debt, or massive tax increases.

6. We oppose the existence of a minimum wage.

iv. Social Security

We Believe

Taxpayers should have the option of ownership and control over individual Social Security funds, including allowing a percentage of their Social Security tax to be placed in private investments of their choosing.

We Support

1. We support repealing the 1993 Clinton tax on Social Security benefits.

B. Protection of Constitutional Rights

i. Constitution

We Believe

1. We believe the First Amendment's Establishment Clause was intended to prevent a federal government-sponsored or preferred religion, not to separate God from our government or to remove religion from public life; therefore, we affirm our right under the First Amendment of the United States Constitution to exercise our freedom of speech including religious speech.
2. We believe the Second Amendment is an individual right of the citizens of the United States to keep and bear arms; therefore, we oppose any attempts, whether by law or regulation at any level of government, to restrict any citizen's right to keep and bear arms (open or concealed), to restrict access to ammunition, or to record the purchase thereof.
3. We believe the United States Constitution directs the judiciary to interpret law, not make law or create law through judicial activism.

We support the abolishment, or reduction and restructuring, of the Environmental Protection Agency, Department of Health and Human Services, Department of Education, IRS, CIA, ATF, FBI, FEMA, NSA, DHS, CDC, and the Department of Labor and their powers and responsibilities distributed to state authority.
10. We support the protection of public and private sector whistleblowers who have firsthand information.
11. We support union's refunding dues used for partisan political activity.
12. We support the right of private associations to admit or deny membership based on what each association's conscience dictates.
13. We support an English Language Act, which would make English our official language in the United States.
14. We support the idea that when U.S. Conference Committees meet, they should consider only those terms submitted from the House and Senate, with no additional expenditures and items added.
15. We support the preservation of the National Day of Prayer.
16. We support legislation to limit the power of federal regulatory agencies.
17. We support the identification of persons as citizens or non-citizens in the census.

3. The death penalty must be retained as an available punishment in appropriate cases.
4. Inmates who abuse the legal system by filing repeated frivolous claims should receive appropriate punishments for their misconduct.

Consideration of incentives for first-time or youthful offenders who refrain from further misconduct may be a useful option to be considered in designing such reforms.
